**Dr. Taran Preet**

**Dr. Monica Pathania**

**Dr. Ajay Arya**

**Dr Saurabh**

Treasurer and Media

## **WELCOME TO SEADFCON- 2020**

Building on the celebrated success of the previous SEADFCONs, we are privileged to host SEADFCON 2020. COVID has changed the whole world and we stand with folded hands with them in the worst suffering of the mankind. It can change the way we live, but it cannot change the way we think and excel.

It is a pleasure and privilege to invite you to this virtual conference SEADFCON 2020 to be held on 19th and 20th September, 2020. The program activities shall be led by experts and distinguished speakers from different leading institutions worldwide. The Scientific program is carefully designed to include both basics and the recent developments coated with the experience of the learned speakers. Our prospective audience includes physicians, medical physicists, clinical scientists, technologists and other healthcare professionals. We hope to provide the best opportunities to keep abreast with the latest in the field, develop professional network and exchange knowledge and skills. The postgraduates in the field would have an opportunity to present scientific papers and be an important part of the conference.

We proudly and humbly request you to participate in this vibrant academic feast and grace the occasion.

Thanking you.
